Summary

Computer Science student specializing in software development with hands-on experience in full-stack projects and cloud technologies. Proficient in designing, coding, and optimizing web applications. Seeking to leverage technical expertise and collaborative skills to contribute to innovative, high-impact projects in a dynamic team environment.

Education

B. Tech - Computer Science and Engineering (Data Science)	***CGPA - 8.48***	
Sasi Institute of Technology and Engineering	2022 – Pursuing	*Tadepalligudem, Andhra Pradesh*
Intermediate – (M.P.C)	***CGPA – 9.41***	
Sasi Junior College	2020 – 2022	*Tadepalligudem, Andhra Pradesh*
S.S.C	***CGPA – 9.31***	
Narayana English Medium School	2019 – 2020	*Tadepalligudem, Andhra Pradesh*

Skills

Programming Languages: Python, JavaScript, Java, SQL, C
Web Development: HTML5, CSS3, React.js, Django, TailwindCSS, Node.js, Express.js, Sequelize ORM, MongoDB
Cloud Computing: Azure
Other: Git, GitHub, Selenium, Pandas, NumPy, Scikit-Learn, Linux.
Soft skills: Teamwork, Communication, and Problem-solving.
Core Concepts: Solid Principles, Design Patterns, Data Structures and Algorithms, Object-oriented analysis and design (OOAD), Object Oriented Programming (OOPS), Operating System.

Projects

HealthCare Chatbot
Tech Stack: React, Tailwind CSS, Gemini API

- Developed an AI-powered healthcare chatbot enabling real-time, personalized health conversations, symptom analysis, and context-aware medical insights.
- Developed a responsive and accessible UI, improving user engagement through intuitive chat flow and natural language interaction.
- Ensured data privacy and security with robust front-end validation and secure API communication compliant with health standards.

Dairy: Productivity & Finance Tracker
Tech Stack: React, Express.js, Tailwind CSS, Azure Cosmos DB, JWT Auth

- Built a full-stack productivity and finance tracker for managing tasks, reminders, expenses, and loans efficiently.
- Implemented JWT-based authentication and cloud synchronization, ensuring data privacy and real-time multi-device access.
- Integrated interactive visualizations and self-motivation features to enhance user engagement and financial awareness.

Experience

Software Engineer Intern, May 2025 – Present *FundRaksha LegalTech Pvt Ltd*

- Designed and developed responsive landing pages and dashboard for company products using React.js and TailwindCSS, ensuring a seamless user experience across devices.
- Integrated RESTful APIs to dynamically render and update data across various components.
- Collaborated with the frontend team on debugging, UI enhancements, and code optimization to improve maintainability and performance.
- Optimized SEO and page load times, achieving Lighthouse performance scores above 80 across accessibility, performance, and best practices in Chrome DevTools.

Certificates

MongoDB Python Developer Path – MongoDB University
Full-Stack Web Developer Certification – LinkedIn Learning
Cambridge English Interchange Level – 3 – Cambridge University Press & Assessment
Scrum Fundamentals Certified – SCRUMstudy (VMEdu, Inc.)
